Most components Ex stock
Competitive prices
Expert Advice

Trantec supply a full range of replacement parts for flexible screw conveyors at truly competitive prices. For over 20 years we have offered a real alternative to OEM manufactured Conveyor components.

All parts are manufactured to the same exacting standards as the original equipment supplier providing complete interchangeability.

Spiral is available in round, square or flat section in both stainless and carbon steel.

Conveyor tubes are extruded from hard wearing UHMWPE which conforms with all EC and US Food contact legislation.
