

Trantec metering feeders

Trantec offer a comprehensive range of metering feeders with capacities from 0.1 to 25000 litres per hour

- **Dust free**
- **High volumetric accuracy**
- **PID (Gravimetric) Control**
- **Loss in weight**
- **Gain in weight**

Features include...

Batch preparation
Recipe formulation
Continuous dosing
Multiple feeder combinations
Product conditioning

For accurate dosing of bulk solids, Trantec introduces our new S3 range of metering feeders.

Offering true modular design, S3 feeders provide superior performance at a truly competitive price.

Modular design allows standard machines to be instantly customised to your specific needs saving you time and money.

Multiple S3 feeders can be integrated to form complete recipe preparation systems. Combined with our range of controls options, the S3 metering feeder is the right choice for all your precision feeding applications.
