New Home for Rospen Industries Ltd

The Office of Jake Berry
MP for Rossendale and Darwen

MP welcomes new business to the Valley

Rossendale MP Jake Berry has officially opened the new premises of Rospen, the weighing and metering specialists who have moved their business into Waterside Business Park bringing around 30 new skilled jobs.

Jake commented, 'It's great news that we've got more businesses and jobs moving to the Valley, I was delighted to be asked to officially open Rospen's new premises and it was fascinating to find out more about what they do. As well as providing technical equipment to UK companies such as Walkers and other leading food manufacturers, they also export around the world to countries such as Ghana and Japan.'

Company Director, Laura McGeever added, 'We're really pleased with our new home here in Rossendale and it's been great to be able to recruit local people to work here with us. We've got some exciting plans to grow and we look forward to working with other local businesses in the area.'
